

HedgeSPA

Sophisticated Predictive Analytics for Hedge Funds and Institutions

Why?

LEADERSHIP. Mentioned by **Forbes** as a disruptive provider of investment analytics. Finalist in several global fintech industry awards/events: e.g. **Benzinga Fintech Award**, **DBS Fintech Challenge** and **Accenture Fintech Innovation Lab**. Winner of **Red Herring** Global Top-100.

IMPACT. CEO built a comparable platform for a global asset manager and won an industry award for that implementation. HedgeSPA platform is **faster, better** and **more effective**. **Top-rated analytics and market research:** e.g. Research on Greek Crisis top-rated by Google among 1mio articles; Market leading analyses on RMB, Brexit and US Elections.

GROWTH. Impressive line of HedgeSPA "alumni" who secured subsequent offers from top global investment banks. Unlike typical finance industry training programs, where trainees are often assigned menial tasks, our trainees get career head-starts from learning to **solve real-life analytics problems** for our clients and from **bridging the gap** between theory and practice.
